3.2.1 Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge.

The Institution provides an active environment for promotion of Innovation for creation and transfer of knowledge in these different ways:

- **Project methods:** The project work stimulate student's interest on the subject and provide student an opportunities of freedom of thoughts and free exchange of different views.
- **Field Study:** A field study is a general method for collecting data about users, user needs, and product requirements that involves observation and interviewing. It is also useful for studying currently executed tasks and processes. To enhance innovative ideas, students and teachers are encouraged to participate in extension activities in near by villages.
- **Interactive methods:** The faculty members make learning interactive with students by motivating student participation in group discussion, role-play, subject quiz, news analysis, educational games, discussion and questions and answers on current affairs, etc.
- **Promotion of Entrepreneurship:** In order to encourage student entrepreneurship, the college arranges training sessions, seminars, and workshops that give students the abilities and information required to launch their own companies.
- **Eco Club and NSS activities:** The college has Eco Club Cell and NSS which cater to environmental protection and social services to the community. Awareness programmes, road safety, tree plantation, girl child, gender equality, water conservation, management of waste etc.
- **Educational Tour:** The students are encouraged by taking the students for Educational tour. Like historical, pilgrimage places I and industrial visits.
- **Development and Research:** Promoting research and development activities related to innovation is another focus. This can involve funding research projects and supporting innovative research ideas.
- **Use of ICT :** The use of ICT has raised their confidence and expanded their horizons of creativity. Eminent personalities who have significantly contributed in research, social activities, industries, are invited as resource persons. These persons are mentors to our students. Workshops, webinars and seminars are conducted on ICT which have proved helpful to the rural students. The classes are equipped with smart board in each floor and
